PILES BRING DESPAIR

TAKE COURAGE! INTERNAL TREATMENT WILL CURE

Piles make life unhappy and ruin the best disposition. Most sufferers have been bitterly disappointed by many failures to find a cure. A medicine in tablet form, taken internally, that avoids the unpleasant features of ointments, suppositories and operations, and cures thoroughly by removing the inside cause, is surely worth trying, especially as J. James & Son guarantee it.

Dr. Leonard's Hem-Roid costs \$1 for a large box—24 days' treatment. Dr. Leonard Co., Station B, Buffalo, N. Y. Write for booklet.

The Apostolic Holiness Union of Kentucky will hold its second annual convention at Maysville in the Plymouth Baptist Church beginning December 16th and closing December 28th. Everybody welcome.

WILSON HOSPITAL

It's a little late to report it, but Wilson Hospital presents a fair and inviting appearance in its snow-white mantle of paint. Dr. Thomas E. Pickett is the thoughtful and benevolent gentleman who footed the entire paint bill, so we understand. Wilson Hospital is now a well established institution and every day adds to its usefulness.

DOCTORS TO MEET AT WILSON HOSPITAL

The Board of Managers of Wilson Hospital will meet Friday evening at 8 o'clock at the Hospital to discuss matters pertaining to the work and management for the coming year.

The physicians of Maysville and Mason county are invited to attend the meeting in an advisory capacity.

NEW HOME IN FOREST AVENUE

Attorney J. M. Collins is transforming his old brick dwelling on the Southwest point in Forest avenue. He has erected a Colonial veranda the full length of the building and the entire property is to be made new and up-to-date for renting to two families. New bath rooms will be installed in each house and when finished the structure will be a big improvement to the avenue and to that section of Maysville.

CALEB POWERS CALLS AT WHITE HOUSE

The President was so busy he left a memorandum of what he wanted and will try to see Mr. Taft later in the week. Like many other members-elect, Powers does not intend to wait until he is sworn in before trying to exercise his Congressional prerogatives.

THE SOUTHERN NEGRO

Booker Washington has returned from a visit to Europe and expresses the opinion that the Southern Negro is better supplied with comforts of life than the average European laborer, and he found no place in the world where the white and black races dwelt side by side more satisfactorily than in the South.

ONLY POPULAR MAGAZINES

The plan to increase the postal charges on certain magazines does not include such publications as are scientific, literary or devoted principally to reading matter. Postmaster General Hitchcock purposes making the increase apply only to those so-called popular magazines of which advertisements form so large a part.

The gage marks 11 1 and falling.

The President's Message

When President Taft's second annual message to Congress was read yesterday the great applause from both sides of the Chamber fully demonstrated that the Chief Executive struck the popular mind as to the problems now confronting the Government. The document contains 40,000 words and shows the utmost care and ability in its composition. It is the ablest and most satisfactory State paper coming from the White House in a generation and shows plainly that the President has the correct grasp on all leading State questions. Taft's main recommendations are:

Enact a ship subsidy law.
Make the Tariff Board permanent.
Create a National Bureau of Public Health.

Stop legislating for corporation regulation.

Increase the number of officers of the Army.

Establish a new banking and currency system.

Provide for the fortification of the Panama Canal.

Increase second-class postage rates on magazines.

Place all Postmasters in the classified Civil Service.

Provide for completion of Pacific island fortifications.

Relieve the Supreme Court from unnecessary appeals.

Enact anti-injunction and Federal incorporation laws.

Establish the parcels post on rural free delivery routes.

Fix Panama Canal tolls at not more than \$1 a net ton.

Make public building appropriations on a scientific basis.

Provide for two new battleships and other naval vessels.

Make provision for retiring superannuated Government clerks.

Extend Civil Service principles to Diplomatic and Consular Corps.

Prohibit interstate railroads from owning canal-navigating ships.

Appropriate money to determine valuations of interstate railroads.

Adopt the lease system for public mineral and water-power lands.

Increase fines of steamship companies for violating immigration laws.

Make some recognition of Peary's feat in discovering the North Pole.

For Catarrh

Medicine Free in Every Case
Where it Fails to Relieve

Neglect or pessimism, I believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached consumption is curable. Catarrh is responsible, I believe, for many cases of consumption. It is about catarrh I want to talk to you today, incidentally consumption, since the two are so closely allied.

I have a medicine made from a prescription of one of the most successful catarrh specialists known. I believe it is positively without an equal. I am so satisfied that I am right, that I will supply the medicine free in every instance where it is used according to directions for a reasonable length of time, should it fail to give satisfaction in every particular. I want every one to try this medicine at my risk. There are no conditions attached to my offer. I put the user under no obligation to me whatever.

The medicine I want you to try is Rexall Mucu-Tone. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It purifies and enriches the blood, tones up the mucous cells, and brings about a condition of health and strength that tends to prevent the germs of consumption from getting a start. Besides this, Rexall Mucu-Tone is a wonderful appetizer, digestive aid and flesh builder. Its good effects are often felt from the very first dose. It is one of the largest and most satisfactory selling medicines that I have ever had anything to do with.

I know so much of the great good that it has done that I personally back it up with my reputation and money, which fact should be ample guarantee to satisfy anybody. Rexall Mucu-Tone comes in two sizes, 50 cents and \$1. I urge you to try it. Remember you can obtain Rexall Remedies in Maysville only at my store—The Rexall Store. Thos. J. Cheneveth, Second and Sutton streets.

MAYSICK CORN SHOW

Get Your Samples Ready—Did You Raise Good Corn This Year?

If so why don't you send a sample to the Mayslick Corn Show, get a premium on it and thereby create a demand for your seed corn.

Perhaps you didn't raise good corn. If you did not, you should, by all means, be present and hear the address to be delivered by Prof. Geo. Roberts of the Kentucky State University. It will mean better methods of farming and dollars in your pocket next year.

The Corn Show, which is given by the Mayslick Corn Club, will be held in the Mason County High School Building at Mayslick. The rules are few and simple.

The Corn Show will begin at 1 o'clock p. m., Saturday, December 10th, 1910.

There will be three classes and ten ears shall constitute a sample.

Class I is open to all boys of school age in Educational Division No. 4 of Mason county.

Class II is open to all boys of school age in Mason county.

Class III is open to all citizens of Mason county.

No exhibitor can make more than one entry in each class. All prize-winning samples shall be returned to the owners. Samples not winning prizes shall become the property of the Corn Show. An exhibitor may make one entry in each class open to him, but a separate sample must be provided for each class entered.

Boys are allowed assistance in the heavy work, such as preparing the ground, but all samples must be selected by the one exhibiting them.

Samples should be sent to R. F. Gaither, Mayslick, Ky., by noon Saturday, December 10th, 1910.

The Jeffersonville, Ind., correspondent of The Louisville Post says: "Mrs. Clarence A. Jolly of Louisville, who, until Saturday evening, was Miss Nola D. Case, balked at the last moment when a double wedding ceremony was arranged in the office of Magistrate James S. Keigwin, Jeffersonville, fearing ill-luck might follow it. When Miss Case, whose home was in Ewing, Ky., and Mr. Jolly, who is a clerk, went to the Indiana town, they were accompanied by Charles E. McCarty, a farmer, and Miss Bessie C. Smith of Ewing, Ky. All was ready for the double ceremony when Miss Case protested, and two separate ceremonies were performed."

Three Saving Graces Guaranteed by Underfeed Furnaces and Boilers

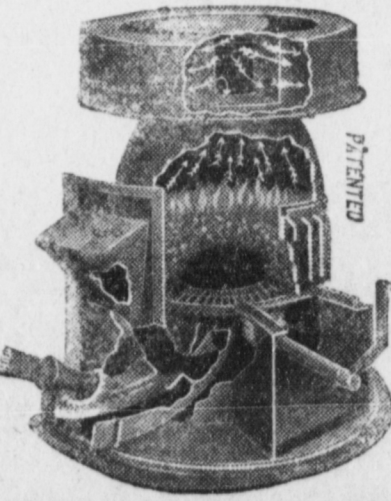

MONEY TIME LABOR

The Underfeed Heating Systems have enabled thousands of users in all parts of Uncle Sam's broad domain to

SAVE 1/2 TO 3/4 OF COAL BILLS

This is well worth anybody's careful attention in these days when the high cost of living is such an important factor.

THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

Effect this great saving because they are the only heating plants which will burn the cheapest grades of coal successfully. Low-priced slack will yield as much clean, even heat in the Underfeed as costliest anthracite which topfeeds require. The Underfeed Coal Burning Way is endorsed by all great municipalities as Best for Health. It saves at every point because smoke and gases are consumed and turned into heat units. Ashes are few and the apparatus is easy to manage and operate. Used and endorsed by many Maysville citizens. Write for free booklets and facsimile testimonials today and learn how you can secure more clean, even heat for less money.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

A Southern paper says that revision of the Tariff, one schedule at a time, should result in an improved Tariff system in not less than 300 years.

PERHAPS no other speaker aside from President TAFT and Governor AUGUSTUS E. WILLSON is receiving more urgent invitations to speak than Congressman NICHOLAS LONGWORTH of Cincinnati. Of course the fact that he married ALICE ROOSEVELT is what first gave him world-wide prominence. But aside from that NICK is a very able and tactful man and gets his level-headedness from old NICHOLAS LONGWORTH the First, who made the Longworth fortune by buying big tracts of land right in the heart of what is now the Queen City of the West. NICK knows how to spend his money and enjoy it, too.

"No LESS than of old we fly and shall continue to fly the flag of a Tariff for revenue only. No less than of old we assert and shall

Watterson Still a Free Trader.

continue to assert that the Government has no right, in law or equity, to levy and collect a dollar of taxation except for its own support. No less than of old we proclaim and shall continue to proclaim the truth that Protection is robbery under the form of law." That sounds like HENRY WATTERSON, and it is HENRY WATTERSON, in double-leaded editorial in The Louisville Courier-Journal. Moreover, it is the voice of the Democratic party. Fortunately for the country, perhaps, while all Democrats theoretically accept that platform, many of them balk at its practical application when the interests and productions of their Districts and State are concerned. Nevertheless, it shows what the country would be entitled to expect should the Democracy again get complete control of the Government. And then, once more, the deluge.—Rochester Democrat and Chronicle.

It is found that in many occupations in this country the workmen get from \$1.50 to \$2 per day, where in other countries they get from 40 to 50 cents for a ten-hour day.

"Avoid following those who want woman suffrage," advised Cardinal GIBBONS in a talk at Baltimore to the students of St. Catherine's Normal Institute, where he was the guest of honor at the celebration of the feast of St. Catherine. "Do not follow in the steps of those," he continued, "who have become manish in their ways and who fight for a place in politics. The place for the woman is in the home, and I trust you will strive to do your best now. By doing so each of you will bring joy to your relatives and friends, and in the future to the young man whom you may call your husband."

PRESIDENT TAFT is so quiet and unostentatious, and he does his work so easily and simply, that the people were a long time in finding out what sort of man he is. But it is just that kind of man who in time acquires a powerful hold upon public sentiment.

President TAFT sounds no trumpet before him, he does nothing sensational to attract attention or to make him seem to be one of the "plain people." In a way he suffered from this for a while, for some of the people thought he was doing nothing, because he was making no fuss about it. But they have found out that he is working all the time, and that he is an efficient guardian of public interests. Gradually the people have learned that all the time he is doing the things they want him to do, and that they can safely trust him to keep on doing his duty by them in every particular. Most of them have already found this out, and this is one reason why he stands so high in their respect. A man of that kind travels long and travels far in public estimation and lays the foundation for a strong popularity based upon respect for his patriotism and the elements of the greatness in his character.—Denver Republican.

HANDICAPPED.

This is the Case With Many Maysville People.

Too many Maysville citizens are handicapped with a bad back. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest, and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills cure sick kidneys and cure them permanently. Can you doubt Maysville evidence?

Mrs. Nathan A. Hafer, Maysville, Ky., says: "My opinion of Doan's Kidney Pills is so high that I have not the least hesitation in publicly recommending them. For ten years I was bothered by kidney complaint, during which time I tried various remedies without obtaining benefit. There was a constant, dull ache across my back, often accompanied by sharp rheumatic twinges throughout my body. I was also subject to nervous headaches and dizzy spells, and on arising in the morning I felt tired. My husband advised me to give Doan's Kidney Pills a trial, and I procured a box at J. As. Wood & Son's Drugstore. They cured me in a short time."
